

Metropolitan Transportation Authority (MTA)

Wi-Fi Locations

General Description

The Metropolitan Transportation Authority (MTA) and New York City Transit Authority (NYCT) have entered into an agreement with Transit Wireless LLC under which Transit Wireless is obligated to build out its wireless network in all 279 NYCT underground subway stations. Upon completion of each station, Transit Wireless activates its WiFi network. Details regarding the Transit Wireless network and the Transit Wireless WiFi service can be found at: www.transitwireless.com

Data Collection Methodology

The data is collected and will be published on a quarterly basis to the NYS Open Data site.
