

**New York State Department of Environmental Conservation
List of Wildlife Rehabilitation Licensees Data Dictionary**

Data Label	Data Type	Data Description
County	Text	New York State County
City	Text	City of licensee home or business
Species Accepted	Text	Types of animals that the licensee can accommodate. A blank in this column indicates that the licensee has not notified the Department of their species preference.
Rabies Certified	Text	Indicates if licensee is authorized to handle rabies vector species (skunks, bats and raccoons)
Licensee Name	Text	Name of individual licensee to which license is issued
Business Phone	Numeric	Business phone number of Licensee
License Effective Date	Date	Date license was issued
License Expiration Date	Date	Date current license expires
License Type	Text	Category of license
License Number	Numeric	Number assigned to current license
Federal Permit Number	Numeric	Number assigned to Federal Migratory Bird Permit. A blank in this column indicates that the licensee does not possess a federal license and therefore cannot rehabilitate migratory birds
