### Notes
- The table above represents the status of various amenities in manufactured home parks.
- Each cell indicates whether the amenity is present (N for yes) or not (blank for no).
- The table is arranged in a similar manner for each park, with columns indicating different amenities.

### Table Content

- We have a series of entries indicating whether or not a certain condition is met. Each entry consists of three columns, with the fourth column indicating the outcome. The entries are repeated multiple times, with the last entry ending the sequence.

### Observations

1. The entries are structured in a tabular format, with each row representing a different condition.
2. The condition is met in the last column, with `Y` indicating a positive result and `N` indicating a negative result.
3. The table format allows for easy reading and analysis of the data provided.
