

New York State Department of Motor Vehicles Fatal Hearings

Overview

General Description

Fatal Accident hearings are held pursuant to §510(3) of the New York State Vehicle and Traffic Law to investigate a fatal accident, also to determine whether a motorist accident report (MV-104) was filed by respondent(s) pursuant to §605 of the New York State Vehicle and Traffic Law and whether the named respondent(s) registration, license and/or driving privileges should be suspended or revoked.

Data Collection Methodology

The details regarding pending and disposed fatal crash hearings are derived from DMV Division of Safety and Business Hearings' business records.
